

Ministry Update - August, 2012

"The King will reply, 'I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me.'" Matthew 25:40

Greetings to all dear friends and partners of pro-life ministry. I am thrilled once again to report to you what God is doing in Uganda through our ministry.

CARE MEDICAL CENTRE

Poverty is both a cause and consequence of HIV/AIDS. The impact of the disease is disproportionately high in the developing world, which is home to more than 95 percent of the estimated 40 million people infected with HIV/AIDS.

In response to this global crisis, CARE strives to give people information and tools to protect themselves. We promote grassroots efforts to mitigate the effects of HIV/AIDS in poor communities and help local organizations better respond to local needs.

As part of our work to help poor communities solve their most threatening problem and overcome poverty, CARE projects are addressing HIV/AIDS in more than five districts in Uganda. With our local partners, we're working not only to reduce the spread of HIV/AIDS and provide care and support for those affected, but also to find lasting solutions to wider social and economic problems that exacerbate the HIV/AIDS crisis like self-sustainability programs.

HIV Positive: AIDS through a new lens

CARE is deeply committed to working with poor communities to overcome the crippling effects of HIV/AIDS, particularly in Nansana Ganda and other districts in Uganda where millions have died and millions more have been orphaned.

As the hope, healing and referral centre in our community, we are greatly privileged to take you through the database of our patients we have seen this month of August.

CASES	ADULTS		CHILDREN 0-15 YRS		TOTAL
	M	F	M	F	
Malaria complicated confirmed	26	30	70	60	186
Fever of unknown origin	10	15	20	13	58

Intestinal parasites	3	11	15	30	59
Trauma (Wounds, Burns)	1		12	8	21
Meningitis	1				1
Acute Jaundice				02	02
Others	07	10	13	05	35
TOTAL	93	126	313	272	804

Pregnancy Centre

This is the heartbeat for our ministry. God has blessed us to minister to many ladies both spiritually and physically. This month God has blessed us with a baby girl who was born by C/section, and both the mother and baby are fine. Praise God for friends who give to meet the hospital bills of such ladies to prevent maternal and infant mortality in our ministry.

Fellowship

Pro-life Ministries responds to the greatest commission!

“Go into the entire world and proclaim the gospel to the whole creation; whoever believes and is baptized will be saved, and these signs will accompany those who believe in my name. They will cast out demons; they will speak in new tongues and make disciples.” Mark 16:14-18

Every Saturday we hold Bible studies, praise and worship, and train ladies doing business God’s way. We teach people from our community the truth of the Bible, and many people have given their lives to Christ. Many souls have been given hope, restored and transformed as we proclaim the Word of God. We congregate 30-40 people every Saturday. In the last week’s fellowship we were blessed by the singing and preaching of Holly and Bradley. I am glad to report to you that this Saturday we will be holding our first baptism service.

Children's Ministry

We provide education to vulnerable children in our community. We are blessed to educate, feed, shelter, care, protect and show a future to a young generation in our ministry.

Pro-life Ministries advocates for adoption of infants who are total orphans to safe and loving homes locally in Uganda and internationally. We have seen many children's lives transformed like Vicki and Abigail adopted by the Adams family. Now we are handling legal applications for Holly and Bradley who are adopting two children, James and Joan, as well as the Palmers who are adopting Job.

Thank you so much, dear friends, for your continuous support towards our ministry; we deeply appreciate you all. With God's help and your support we have been able to minister to hundreds of Ugandans in our community.

Prayer requests

- We believe God for land to build on a pregnancy centre, clinic and business centre.
- Medical equipment for the clinic
- Money to empower the business ladies with micro-finance loans
- Sponsorships for children to go to school
- Salvation of many souls as we reach out to them with the Gospel of Jesus Christ
