

Ministry Update - October, 2012

"The King will reply, 'I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me.'" Matthew 25:40

Greetings to all our dear supporters and friends of this ministry: I am always extremely joyous reporting the goodness of the Lord in the Land of the Living Uganda! God has placed us in the right virgin community to minister his Word with love, passion, mercy and everlasting hope to this hurting world. He has given us magnificent testimonies! Please join me as we glorify the name of the Lord as we remember the great works of His hands.

In our Ugandan culture people express their sincere appreciation to others by kneeling, dancing, drumming etc. On my knees I sincerely appreciate every individual who stood with us faithfully with your financial support and prayers towards the purchase of the land. **May the Lord bless you all!**

♥ Land

On this land God has given us a **vision** to plant a "church" and "hospital" - not an ordinary church, but a "CLASS A" church and hospital through which we will love, shepherd, mentor, reach out to the very poor, serve the interests of the people and preach biblical principles to God's people in our community.

God has given us a **mission** of **building** and **filling** God's house as we preach the gospel (Mark 16: 15).

♥ Building

We absolutely trust and have faith in the Lord to provide the funds to build this His temple. In the Bible people used to bring their gifts, sacrifices, and resources and volunteer, pray and commit themselves to building a house of worship. We are dedicated to see this come to pass for the name of the Lord to be glorified in our community and to the uttermost ends of the earth. We will start by laying local bricks ourselves as we wait upon the Lord.

♥ Filling

We appreciate the complete gifts God has given us as a ministry. Some are pastors, apostles, evangelists, teachers, administrators, etc. We will fill God's house by reaching out to the community through evangelism, open air crusades, free medical missions, mercy ministry, and other means to lead people to the Christ. We invite them to come and experience Jesus deeper on a personal basis in our church where we believe in discipleship, pastoral care, Bible studies, praise and worship to nurture people's souls more to the Lord.

We just can't wait to get started!!!

♥ Sonogram

A lovely couple Candace and Charles Priest sacrificially donated their money toward purchasing a sonogram for our pro-life clinic. Our integrity, obedience and accountability as a ministry made us stand very firm despite all the temptation to use this designated gift to purchase other items, but God increased our faith to trust Him to provide. I am very excited that soon we will be using this sonogram machine. Friends, this is a very important tool towards our pregnancy/pro-life centre! I wonder how many babies will be saved from the sin of abortion because of this sonogram? I send a special thanks to Charles and Candy and the Engage Hope Board. May God abundantly bless you.

♥ Oxygen Supply/ Nebulizer

Care Medical Centre remains focused on providing quality, accessible, acceptable, comprehensive, affordable and basic health services to the lowest individual in our community. This month we have been blessed to handle more acute life threatening diseases like asthma, very severe pneumonia, acute malaria and cardiac diseases, because we have a functioning oxygen supply. I want to give special thanks to the faithful McManus family who donated towards the purchase of this oxygen supply/nebulizer. May God bless you.

♥ Sanyu Business Ladies

Ever since we opened up a Business Centre, many individual life skills have developed. I have seen the very uneducated ladies and girls produce the very best hand materials like mats, uniforms, craft works, baskets, ropes, and very quality hair styles. It's exciting!! This center has restored hope to the hopeless, self-esteem and a source of income to the ladies. At the centre we train ladies in sewing, hair dressing, hand works and other skills. God is opening doors to this ministry so that we are now winning jobs to make school uniforms. We praise God!

♥ Come Visit Us

Our ministry invites and welcomes mission teams for evangelism, medical missions, volunteering, sharing love, educating and building. You are individually welcome to visit us in Uganda to see what God is doing, and you will be encouraged, hear great testimonies, praise and worship. Besides ministry, Uganda is the Pearl of Africa with very beautiful scenery, and our visitors will also benefit touring the beauty of the Pearl of Africa Uganda.

♥ Prayer Requests

Please stand with us in prayer for God's provision:

1. Funds to build/start the construction of a church and hospital
2. Business Loans for the ladies
3. Clinic equipment Complete Blood Count (CBC) machine
4. Building a Pregnancy Centre

Check with me every month on what God is doing in Uganda through this ministry at www.caremedicalcentre.org/news.
